

GLOBAL IMPACT REPORT

**THE BEGINNINGS OF
A TRANSFORMATION**
28 NISSAN - 3 TAMMUZ

WWW.TUTALTZ.COM

"Tut Altz Starts At Home" is a multifaceted project, by the Moshiach Office at Merkos Suite 302, focused on inspiring and educating Chassidim about the core purpose of our unique generation.

3 TAMMUZ, 5781

Dear Staff of The Moshiach Office,

For six weeks now, I have been learning and Koching in the D'var Malchus thanks to the Tut Altz initiative.

It is hard for me to describe the impact it has made on me personally, and more importantly the shift I feel it has made to the family of Chassidim at large.

The material was accessible for Baalebatim, age appropriate for kids, advanced enough for Lamdanim and available for those on the go. Indeed, thousands of men, women, and children from every category, background and level, participated and got involved.

Yet the impact was so much greater than the numbers, details, and reach of demographics.

The gradual shift from where we stood as Chassidim six weeks ago to where we are today is enormous.

We have proven to ourselves that Inyonei Geulah U'Moshiach, a topic of utmost importance, can be teachable, relatable, and appealing for every single Jew.

I feel that we have crossed a bridge. Together.

It is evident that putting this project together required tremendous Koichos from the producers, organizers, donors, and of course users and beneficiaries of the content.

I imagine that the various mosdos that banded together to make this happen are seeing first-hand the success of all the Koichos they invested.

Let us not overlook the power of this moment and commit in a unified way to continue heeding the Rebbe's call to bring Moshiach by learning Inyonei Geulah U'Moshiach.

Avraham G.

With gratitude to our donors who united
thousands of Chassidim and hundreds of Mosdos
in Learning Inyonei Moshiach in the Rebbe's Torah.

Brand new children's curriculum on the Rambam's Hilchos Moshiach, replete with stories, lessons and key explanations of the Rebbe.

📖 Thanks for all your great work! Just wanted to let you know that I have a daily 15 minute session with my biggest Bal Habos in your JLI booklet! Keep up your amazing work!”

RABBI L. Y. GREEN,
TORONTO, CANADA

📖 I just finished teaching the Sicha to a group of mekurovim and I'm on a high! It's such a "geshmake" Sicha! It's an intellectual pleasure for them too... and of course a spiritual pleasure! They were so grateful! And I really believe it's for every level student (even if they are not yet fully frum...)"

MRS. R. WILANSKY, MOSCOW

📖 Thank you so much! Everything looks amazing with so many options of resources. Much appreciated!”

COMMUNITIES

LOCAL WEEKLY GATHERINGS ACROSS THE GLOBE

 My name is Ezra Horowitz. I live in Houston, Texas, and work in the kosher deli there.

My community benefited greatly from the booklets you made. We made a sushi and learning gathering and had over 30 community members there. Also, we were learning the kovtzim on Shabbos and on Sunday morning.

There definitely was a lot of time put into organizing all the material.

My son was so excited to learn the kid's curriculum that we finished the last two perokim of Rambam inside using the kovetz. He was so excited to be able to learn an inyan on Moshiach through the אמותיות of the Rambam and the short parts of the sichos.

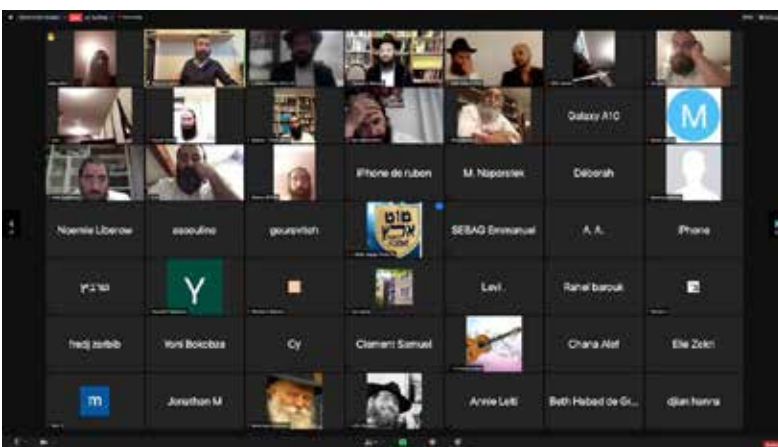

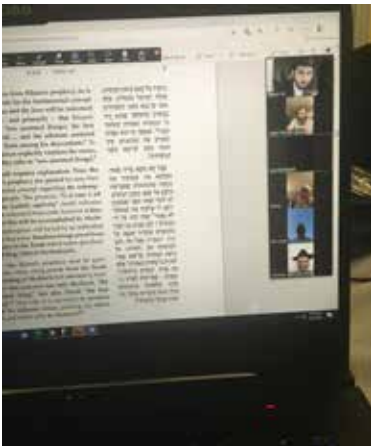

I personally benefited from the JLI course as it gave me a new perspective on the first three sichos and I shared all four Dvar Malchus sichos on my status, finishing tonight, through questions and short videos explaining some concepts.

I hope you continue to make Moshiach learning exciting through more mitvas to keep Lubavitch on fire about Moshiach.”

 Thank you so much! The learning material for week one just arrived at our door in Crown Heights. Wow! The work and thought that went into this and the entire project is inspiring on so many levels. It's so helpful! It makes it so much easier for us to learn what we know we should be learning ... It is especially inspiring and encouraging to see the tremendous effort by your office to reach and include the Crown Heights community in this peula.

May we see the result of these efforts quickly!"

■ ■ The Mivtzah in France was phenomenal! I got a phone call about it, and within a day we found a translator, and a group willing to work on it. It started with true”Lichatchilah Ariber”. And it was absolutely wonderful!

A lot of Shluchim were very excited, as is evident from the many Zoom recordings they sent us of their Shiurim! We also had a nationwide weekly Zoom for the entire France (every Thursday night) that was consistently more than a hundred people participating together, with many views later on!

Before this Mivtzah there was nothing really available in French on Inyonei Moshiach, and now, six weeks later, we have the Sichos, JLI course and Kids Curriculum entirely in French! There are some schools who produced a Kahoot game and were able to communicate many deep concepts through it.

You have certainly revitalized the Koch in Moshiach, and that Koch should bring about the coming of Moshiach now!”

**RABBI MEIR SHLOMO LUEBECKI,

 The Rebbe wanted us to learn Inyonei Moshiach. It is so nice to see what the Tut Altz campaign accomplished! I see so many people are learning and teaching it.”

**RABBI AVRAHAM MIZRACHI,
BUENOS AIRES**

“We had older girls take charge of the grand Mivtzvah in the younger classes. They did a phenomenal job keeping up the enthusiasm. All of our mosdos united to make a city-wide Moshiach Chidon for girls! As principal of the girls school and as a mother of daughters, I saw first hand how the girls left each lesson eagerly waiting for the next one already. Of course, the greatest nachas of all was when my 16 year old daughter was first place at the grand Chidon and won a dollar from the Rebbe, provided so graciously by Shlucha Mrs. Wilansky who brought the Mivtzah to Moscow!

**MRS. DEVORAH HALPERIN,

 Thank you for the Material prepared for us and for keeping us in mind when you advertised the Farbrengen. I used the Ohr Hachassidus to help me prepare for the Shiurim I gave in the Sichos.”

רמב"ם הלכות מלכים ומלחמות פרק י"ב הלכה ה':
ולא יהיה עסק כל העולם אלא ת"ה בלבד. ולפיכך יהיו חקמים גדולים ויודעים השתוממים ומשיגו דעת לפני כח האדם. שנאמר: ה הארץ דעה את ה' כמים: וים:

רמב"ם הלכות יסוד התורה פרק א הלכה א:
יסודות ועמוד התקמות ש שם מצוי ראשון. והוא כל נמצא. וכל הנמצאים וארץ ומה שביניהם לא מאמתת המציא:

הלכות מלכים והחבור כלו אמר והיה העולם בפרטו תם ונשלם שבת לא ללם:

Sicha text: At the beginning of Mishneh Torah the Rambam also strongly supports the idea of learning Chassidus. The most basic thing in all of halachah is to "know Hashem." It is not enough just to believe in Him, but we must actively learn about Him. That way, we can awaken within ourselves the proper ahavah (love) and yirah (awe) to follow His mitzvos properly. Which is... exactly what learning Chassidus is all about! Further in this Rambam, he hints at one of the most basic ideas of the Baal Shem Tov that the Alter Rebbe talks about in Tanya. This is about hashgacha pratit, that Hashem is actively involved in every tiny thing that goes on in the Universe.

Right now, just before Moshiach comes, is the most excellent time to increase our learning of Chassidus. Just like on every Shabbos, when it is customary to "taste" the Shabbos food, we are now "tasting" the "deepest secrets of the Torah that will be revealed openly and for all, in their entirety, through Moshiach.

FEEDBACK

■ ■ I appreciate how thoroughly Rabbi Jacobson is explaining the sicha. I tried over the years learning it on my own. Now I'm understanding it so much better BH."

MRS. B. R., CROWN HEIGHTS

■ ■ Thank you so much for putting this together, it's truly incredible how accessible these sichos have become! I love the Sichos In English track because it enables me to learn the original sicha, yet have support if I don't understand something. It's made very well!"

MRS. C. M. G., CALIFORNIA

■ ■ Thank you, I found the Ohr Hachassidus clear and lucid, magnifying many parts of the sichos. Yasher Kochachem."

RABBI S. Y. O., FLORIDA

■ ■ Boruch Hashem, it is really special to be part of a global learning and feel that each week we are learning the same Sicha as thousands of Yidden worldwide. Definitely gets you thinking and discussing more about Moshiach"

MRS. M. M., UKRAINE

■ ■ I have learned all the tracks. It's beautiful to see the incredible collaboration going on to bring Inyanei Geula and Moshiach to the world."

Y. K., CHICAGO

■ ■ Rabbi Gourarie is great to listen to and to learn the Sichos with. He is very clear and the little nuances of a sicha which can leave you scratching your head are seamlessly explained in the course of the Shiur. A big Yasher Ko'ach."

My wife and I learn together and we are using the kids track with our children. It has changed the day to day conversations in our home to be more Geulah oriented. My hope and prayer is that the program doesn't stop here (especially for the kids). If there is any way to keep up the shiurim, even if it is just one Sicha on Moshiach and Geula a month which can be learned by the adults and adapted for the children, it will change the reality for so many homes on a long term basis."

Y. S., CHICAGO

■ ■ My father told me about this program, and I feel very strongly about Moshiach and that we must live by 'tut altz vos ir kent' so I was really happy to hear that there is a program being put together specifically on this idea! I chose the children's track since it's the most practical for me and I really enjoyed learning it

I am really grateful to all those that worked so hard to put this all together, it makes me feel that I ought to take advantage of what there is and use it as an excellent opportunity to learn more about Moshiach and make it a part of our lives today!"
